(561) 845-0500 Ext. 211

CLINICAL RESEARCH STUDY EXCLUSIVELY ENROLLING TEENS WITH MIGRAINES

To qualify, teenagers must be:

- Ages 12-17
- Diagnosed with migraines or experiencing any headaches that:

- last 3 hours or more
- occur 1 - 8 migraines per month

- Accompanied by a parent or guardian to each study visit.

Participating teens receive at no cost:

- A comprehensive study-related medical evaluation
- Study medication
- Ongoing study-related care by medical professionals

Compensation for time and travel may be provided

Your teen's personal information remains confidential at all times.
